The Manhaym Operation:

June 2024

We have been following the coverage of the international media about the courageous operation carried out by one of the heroes of Islam; the mujahid brother **Sulaiman Ataei**, may Allah release him and all Muslim prisoners.

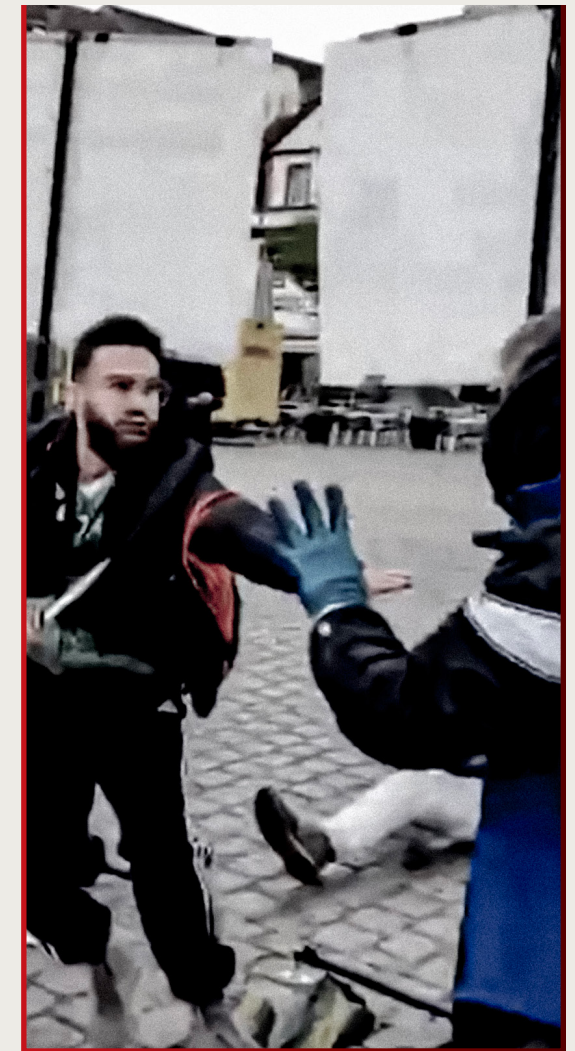

This operation took place at a time when a group of enemies of Allah intended to insult the Noble Quran by burning it openly, which is considered a blatant provocation to the feelings of all Muslims around the world.

At the beginning of the preparations of this

despicable crime, and while the people of falsehood were rejoicing and proud, thinking that Muslims are like static stones and that their jealousy would not move them to defend their religion, the brave hero, the proud Muslim, and the coura-

geous mujahid brother Sulaiman Ataei stood up to them; to the best of his ability, with his cold steel, without complicating or exaggerating the matter, as if he was saying: **"I will not survive if the one who insults and burns my Lord's majestic words survived"**. So, he took his dagger and rushed forward to stab the infidels, killing a German policeman and injuring a group of those who oppose Allah and His Messenger. Among those injured was Michael Stürzenberger, a well-known opponent of Islam in Germany. Allah repelled those who disbelieved, in their rage, not having obtained any good. This event prompts us to

contemplate and praise such an operation, hoping that Allah will grant one of the mujahideen in the future the opportunity to achieve the severest revenge against the chief criminals; the enemies of Allah. We are all ready to sacrifice our lives for Islam.

Firstly: Ataei's reaction demonstrates to the infidels the extent of Muslims' zeal for their religion, and that life becomes meaningless to them without moving to retaliate in any way when the most precious thing they possess; their "religion" is insulted.

Secondly: Perhaps the German Government, in its fight against Islam, especially after losing one of its police officers, and having some participants stabbed in the process of insulting Islam, may reconsider allowing such permits for those demonstrations that provoke the feelings of all Muslims.

Thirdly: Regardless of whether people were aware of the offensive demonstration against Islam beforehand or heard about it after the event, Ataei is considered a hero for bringing comfort to Muslims' breasts. May Allah release him.

Fourthly: The preparation and planning of Ataei's operation were remarkable and commendable. Ataei intervened when the perpetrators were in the process of preparing their crime, and before they carry it out he attacked them, targeted the criminal (Mikhael Storznbarger), who was a prominent figure in hostility towards Islam. Choosing the timing of attack may be an answer from Ataei to explain the reason, the objective, and the message of his action.

In short, for those who follow the scene, the incident can be summarized as follows: (A group of infidels intended to insult one of the most significant symbols of Muslims and to offend Islam and its followers by burning their sacred book. Subsequently, a Muslim stood up and defended his faith in a legitimate manner). This simple sentence is sufficient to send a strong message to the enemies of Islam to stay within their presumed boundaries of freedom. Otherwise, in defending our Religion we sacrifice our blood, souls and everything for the sake of Al-

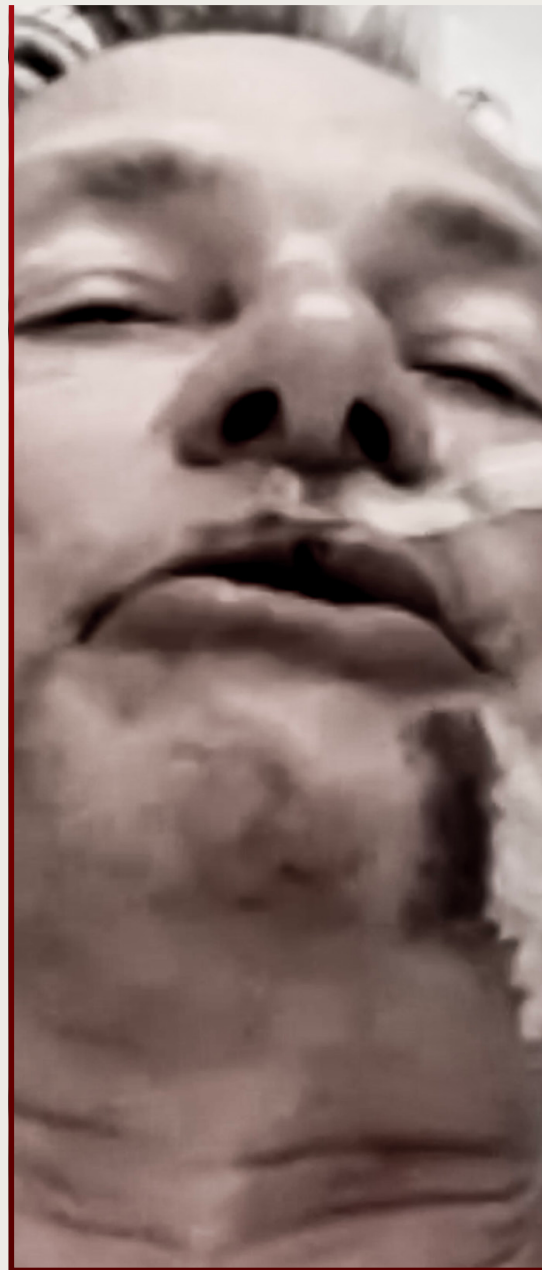

lah. Our martyr Sheikh, Osama bin Laden -may Allah have mercy on him- when he addressed the offenders of Prophet Muhammad, peace be upon him, said: **"If your freedom of speech has no limits, then widen your chests for our freedom of action"**.

Fifth: This process carries a lot and a lot of incitement to Muslims everywhere. Our brother Sulaiman Ataei is married, has a family and children, and was enjoying a good life. Despite the internal obstacles and burdens that often deter many from engaging in jihad for the sake of Allah, our hero was not deterred or held back from defending and supporting his religion. It's as if he's saying **"I sacrifice for the religion of my Blessed Exalted Lord my father and mother, my soul, my children and all that I own. There is no peace or harmony with anyone who humiliates the symbols of Allah and our sanctities"**.

Inspire Guide 8:

June 2024

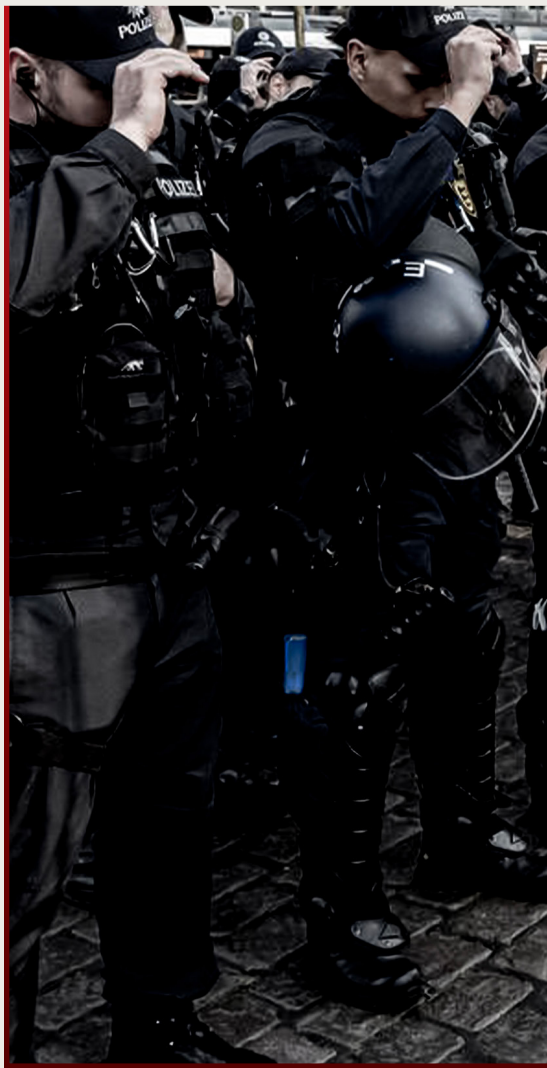

If we have some guidance to mention based on Ataei's reaction, they are as follows:

1- It is well known that firearms are available in Western countries in one way or another, but in America, possessing them is legal for adults men and women. So, in order to deter whoever mocks and ridicules our Exalted Lord, our messenger, our Religion, our Noble Qoran, and in order for the operation to be effective, severe and more painful we advise those who stand up defending their Religion to use firearms. The operation of Kawashi brothers in France is a best example to what we say.

2- Shooting should be concentrated mainly on the organizers of the incident of mockery and the cops who protect them.

3- The circle of targeting and killing must be widened to include every government official supports and encourages such viewpoints under the pretext of freedom of expression. Carrying out this step precisely may be a reason for the decision makers to reconsider allowing such permits for those demonstrations that provoke the feelings of all Muslims.

Finally: my fellow Muslim reader, remember the words of the Almighty: **"O you who have believed, fight those adjacent to you of the disbelievers and let them find in you harshness. And know that Allah is with the righteous"**.

If you don't let the en-

emies of Allah see the harshness in you when they burn our Quran, insult our Prophet, violate our sanctities, and shed our blood, then I wonder when will you act upon this verse?

O Allah, support Your slaves; the mujahideen and the oppressed in Gaza, Palestine, and across the earth. O Allah, support them with Your victory, strengthen them, guide their aim and their view, and unite their word upon the truth. O Allah, defeat all the enemies of your religion. O Allah, afflict them with disasters, and shake the earth under them, O Mighty.

And our last supplication is that all praise is due to Allah, the Lord of the worlds.
